

PAY

Your Leave and Earnings Statement (LES) indicates your gross and net pay, how much is subtracted for each of your deductions, and your present leave balance. The statement also indicates cumulative deductions from the first pay period of the year. Each time there is a change in your salary, deductions or leave balance, it will be reflected in your statement. You can access your leave and earnings statement electronically from the **MyPay** website at: <https://mypay.dfas.mil>.
